### Program Goals:

- Enhance canoeing skills
- Develop wilderness camping expertise
- Embrace the tranquility of the Saskatchewan wilderness
- Connect with like-minded individuals
- Unplug from technology for an enriching experience

### Expectations for Participants:

- Active involvement in group activities (cooking, cleanup, fire building, etc.)
- Mandatory use of Personal Flotation Devices (PFDs) while on the water
- Prohibition of drugs/alcohol during the trip and on camp property
- Collective decision-making based on the skill level of all participants
- Final decisions by designated staff members
- Possession of a valid fishing license for fishing activities
- Rotation of canoe partnerships daily, offering everyone the chance to helm the canoe
- Active assistance during portages
- Consideration of severe food allergies when bringing personal snacks
- Responsibility for personal essential gear (sleeping bag, backpack, etc.)

### Equipment/Gear:

We provide canoes, paddles, life jackets, tents, cooking gear, maps, satellite communication (inReach), and food. Tents will be shared, while participants are responsible for their personal gear, including sleeping bags, backpacks, waterproofing bags, and other essentials.
